

MONTPELLIER ENGLISH-LANGUAGE LIBRARY

CATALOGUE SEPTEMBER 2023

Formerly FOAL - Friends of the Anglophone Library

Montpellier English-language Library (MEL)

Catalogue September 2023

This is the third edition of the catalogue which will be updated regularly

These lists currently contain over 2250 titles. They are in three parts

1. Author catalogue
2. Title catalogue
3. Subject (library section) lists (large 'thriller' and 'fiction' lists are not repeated here.

The first two include (or should) the same set of books, just arranged in different orders. We started with catalogues completely in UPPERCASE, and it seemed too complicated to change everything, so they remain in uppercase, and some French accents, for example, are therefore not shown.

The 3 main lists are:

1. Author catalogue

This is a single alphabetical sequence by the surname of the author. A few notes:

A double or multiple barrelled surname uses the final element

Except for hyphenated names, where the whole surname is used

Prefixes De, Du and Le are included in the surname e.g. De Waal, Du Maurier, Le Carré

A collection with multiple authors but an editor is shown under the editor

A collection with no identified main author or editor would be filed under its title

2. Title catalogue

Alphabetical list by the title of the book

A and The - for titles starting with these, the opening articles are not used in the alphabetical sequence

3. Section/subject lists

Separate alphabetical author lists for each section of the Library. Codes (in the left hand column):

b = biography (including autobiography and memoirs)

f = fiction

n = non-fiction (excluding biography)

t = thrillers

h =The FOAL collection of the 100 best novels of the 20th Century (colour coded blue in online catalogue). See text explaining the collection before the list.

These subject/section lists correspond most closely to the order found on the shelves, but new books and recent donations are temporarily on separate display shelves. Books out on loan are of course not on the shelves!

4. New (2022) books (colour coded red in readers' online catalogue). A temporary list which will change every year as yet more new titles are added and the previous ones absorbed in the main sequences.
